# Omega 8

The Omega 8 is perfect for luxury travelling with the optional **‘All Weather’ Canopy**, the Omega allows you to travel in comfort and style come ‘rain or shine’! The **high capacity 1500w motor** with the **75Ah batteries** give you the ability to travel long distances with **exceptional comfort and speed**, restoring your freedom and giving you new experiences every day. With the **large 13” tyres and the all-round suspension**, the Omega **can clear high ground** and **travel over rough terrain** offering you more flexibility in where you travel. A **fully adjustable Captain seat** (which takes up to 28st) gives a **large spacious seating and driving position** and ensures exceptional amounts of comfort, perfect for all users. Thanks to the **gas-assisted tiller**, adjusting the driving controls is simple. Choosing the **‘All Weather’ Solid Canopy** option allows you to **travel in comfort in all weathers**. The heavy duty vinyl sides guarantee you further protection and are also **easy and simple to roll-up out of the way when not required**.
