The Mercedes-Benz Vito Tourer

By Lewis Reed

The new Vito Tourer. Raise your game.

Life is full of challenges so you deserve a vehicle which is designed with you and your family in mind.

Meet the new Vito Tourer. Lewis Reed has exclusively converted this fabulous new family car for the WAV market.

The new Vito is not only economical, but is also good for the environment. It saves you costs whilst maintaining a responsive driving experience. The Vito is not only a quality machine but has safety and practicality at its very core, focusing on the general experience of the driver, passengers and wheelchair user.

Our specialist team have made intelligent design changes to this conversion, concentrating on making it quiet, smooth and extremely versatile. It has been built and finished to the highest standard with only you in mind, bringing a vehicle with exceptionally low running costs to the Lewis Reed range.

Quality conversion

Quality as you'd expect is paramount with Lewis Reed's vehicles. The Vito Tourer is no exception, finished off beautifully through our innovative unique seal and suspension technologies.

Whichever way you choose, access to this beautifully stylish vehicle is simple, safe and stress free.

Our designs give perfect conversion benefits such as easy to use rear and side lifts, integrated rattle free TorSpring® ramps, lowering suspension plus smooth exterior lines where the ramp is hidden within the bumper.

Headroom for rear seat passengers is a high 53" with a specially designed integrated roof scoop to increase the rear entrance height if needed. There are large tinted windows which offer a fantastic eye line, exit lights (Select) and electrically operated sliding doors to aid entry into the vehicle operated simply by a touch of a button.

Seating

Lewis Reed provides flexible seating positions offering practical solutions for wheelchair users.

The Vito has been specifically designed to offer a huge array of different seating arrangements with the option of adjustable comfort seats on a rail system with armrests (Select) or static single seats with adjustable backrests and headrests. All options enable a combination of six passenger seats and up to two different wheelchair positions totalling 7 passengers including the driver.

We can make the perfect seating configuration for you and you can change it as and when you want. Please call for details.

Safety

You're certain to appreciate your Vito Tourer as a part of your family life. Which is why we do all we can to ensure that it's a long, reliable relationship.

Before your quality Lewis Reed converted Vito Tourer is delivered to your home we will have ensured that it will have undergone extensive testing and passed with flying colours.

To help you get where you want to be even more safely and reliably, the Vito offers you an excellent level of safety equipment as standard, with numerous innovative assistance and safety systems such as Attention Assist and Crosswind Assist.

In conjunction with the BlueEfficiency package, versatile to its core, Lewis Reed offer the Vito in rear and front-wheel drive, three body lengths: standard, long and extra-long, plus the choice of threespecifications: Pro, Select and Sport.
