

Parade 8

Compact 8 mph Scooter With Fantastic Leg Room

- Full front and rear suspension giving a super comfortable ride.
- Exceptionally manoeuvrable with tight turning ability.
- Long lasting 50Ah batteries for extensive travel.
- Shallow foot plate offers great leg room even for the taller user.
- Comfortable and Spacious captain seat with multiple 'comfort' positions.
- Compact size allows for safe driving in 'space-restricted' areas.

Shown in Champagne Grey

Parade 8

When looking for a **comfortable, stylish, compact and manoeuvrable 8mph** scooter that has **fantastic leg room**, then the Parade 8 is the scooter of choice. With its **full suspension** and comfortable fully **adjustable Captain seat**, the Parade 8 allows you to travel at speed, in comfort and style and is **equally at home in the high street** as it is out **traversing park-land in the countryside**. With its **compact length and width** and an **excellent turning circle**, the Parade 8 enables you to **negotiate crowded pavements** and narrow pathways easily and safely. With its large and powerful **50Ah batteries** and an option of solid puncture proof or air tyres, peace of mind is ensured when **long distance travel** is required. With it's compact size, gas-assisted tiller, **'user-friendly' controls** and an **'auto-slowng' cornering device**, traveling with the Parade is **not only comfortable but most importantly Safe!** Only the **highest quality parts** are used to build the Parade ensuring **many years of reliable driving**, making it the first choice for compact 8mph riding.
